6. [] Talked to Representative Charles Gubser indicating that the letter he had written to the Secretary of Defense concerning one [] in fact involved potential employment by this Agency. I indicated we had gone through the entire processing of investigation and found [] to be fully qualified. However, this processing preceded the date of the events mentioned in the school newspaper. Consequently, we were going to have another look at this. Mr. Gubser was most appreciative of being advised and pointed out that the handwritten reference to a son being a pupil of [] had reference to the constituent who had sent the material to him. Further, Mr. Gubser pointed out he was taking no position one way or another on the case but merely wished to alert the responsible people. I said I would advise him further on the case.

7. [] Met with Mr. Kenneth R. Towery, Administrative Assistant to Senator John G. Tower, and discussed with him the Senator's letter of 27 May 1967 to the Secretary of State concerning Major Richard Harwood Pearce. In conversation, Mr. Towery noted that he had not realized that a copy of the letter had been forwarded to the Director nor that notation of this fact is contained on the letter. I thanked Mr. Towery for the Senator's consideration in advising us. There was no intention or desire on the part of the Senator for action or report by the Agency.

8. [] Met with Mr. Frank Valeo, Secretary of the Senate, and discussed with him a draft of a letter by the Agency to Mr. James Meadows concerning Senator Mansfield's attendance at CIA briefings. With but a minor editorial change, Mr. Valeo concurred in the letter.
